UNIVERGE BLUE® CONNECT
MOBILE APP

Your business phone, in the palm of your hand. Mobile workers now have instant access to their corporate phone extension – anywhere, anytime, and on any device.

ALL-IN-ONE	**CONNECTED**	**PRIVATE**
Place calls, send chats or SMS messages, share files and start video conferences – all from your mobile device	Your business phone number & extension extends to your mobile phone, ensuring you never miss an important call, chat or SMS message	When you place a call or send an SMS message, the mobile app sends company caller ID info, never your personal cell number

This powerful mobile application transforms your mobile device into an essential collaboration tool, making teamwork on-the-go easier than ever. See who is available, send and receive chats and SMS messages, place calls, view voicemails – anytime, anywhere.
NEVER MISS IMPORTANT CALLS

Extend your business phone number and extension to your mobile device, so you can place and receive calls on-the-go or even transfer calls from your desktop phone to your mobile device – seamlessly, without interruption.

EASILY COLLABORATE FROM ANYWHERE

Your full desktop chat and SMS history are synchronized with your mobile device so you can stay connected and continue conversations no matter where you are.

The UNIVERGE BLUE® CONNECT Mobile App is available in both Android™ and Apple® iOS versions.
